   • Dedicated, appropriately staffed client team
   • Single point of contact
   • Simplified billing arrangements
   • Efficient cross-border advice and counsel

3. FLEXIBLE FEE ARRANGEMENTS –
With L&E Global firms, clients receive high value services at competitive rates, from dedicated lawyers who work side-by-side with them to establish long-term business relationships. Our members also have experience working with alternative pricing arrangements such as blended rates, fixed fees, capped fees, success fees and more, and they are prepared to work with you to reach an agreement that best suits your needs and your budget.
OUR EXPERTISE

GLOBAL PRESENCE, LOCAL PERSPECTIVE

Even in the era of far-reaching international trade agreements and regional economic and political partnerships, the majority of laws and regulations governing the workplace are still determined by the individual countries where employees work. Employment and pension law is comprehensive, but also complex and at times even contradictory.

Our contacts with employment lawyers in 80+ countries worldwide help clients navigate the maze of employment regulations, contractual agreements and other legal requirements employers have to contend with in their business. In addition, we help our clients become more efficient by assisting in the business decision process and pointing out ways of implementing decisions as early and as cost-effectively as possible. Our lawyers discuss the risks, opportunities and alternatives available to clients. Our employment law specialists counsel clients on labour law issues affecting businesses across the globe, including:

- Assessing workplace compliance challenges
- Works council – co-determination and consultation
- Cross-border trade union actions
- Collective redundancies
- Transfer of undertakings
- Data protection
- Employee codes of conduct, policies, and work rules
- Minimising and defending claims of discrimination
- Pensions and other employee benefits
- Global mobility / immigration
- Trainings programs – Executives, Company, Seminars, Webinars, Workshops

CROSS-BORDER REMOTE WORK FAQs
• HANDBOOK AND MICROSITE
L&E Global launched the latest addition to our global publication series in July 2021, on the trending topic: Cross-Border Remote Work FAQs. These insightful guides (and dedicated microsite) focus on one of the most important trends reshaping the workplace in the 21st Century – foreign nationals working remotely for a foreign employer in a host country. L&E Global’s Cross-Border Remote Work FAQs present timely insights and analysis on a range of labour issues that have surged in the wake of the Covid-19 pandemic. We specifically created this series to deal with questions that frequently arise with regard to:
  • work authorisation and visa requirements;
  • applicability of local social security and other payroll obligations;
  • circumstances that could subject the remote worker to local employment law regulations;
  • specific rules that govern remote work in the host country;
  • employee’s exposure to local income tax; and
  • permanent establishment risks for the foreign company by virtue of the remote worker’s activities.
COVID-19: BACK TO WORK

• HANDBOOK AND MICROSITE

In this COVID-19: Back To Work – Special Report, we compile the best information and guidance available from 28 major markets concerning the most important workplace law issues that you will encounter, as you reopen your business and seek to improve the safety of your operations: national emergency mandates and special programmes aiding affected businesses, health and safety measures, teleworking, managing COVID 19-related employee issues and cost reduction strategies. Perhaps most importantly, we identify local sources for you to consult in order to remain up-to-date, and set out best practices learned from the already robust experience many others have had in dealing with this crisis.
